Animal Conservation Inquiry Project Instructions

1) Go to iucnredlist.org and explore by clicking on different species or scrolling down and clicking on "Amazing Species." You can search animals by many different criteria. Spend lots of time learning about many animals before moving to step #2.
2) Choose 1 **animal** species that is vulnerable (VU), endangered (EN), or critically endangered (CR)
3) Use the questions in the PDF document, Animal Conservation Inquiry Project, to guide your research. Use websites listed on the blog.
4) If you have any questions or have trouble finding information, let Mr. Wiebe know via email corwiebe@pembinatrails.ca
